

## **Tank Driving Adventure**

How many people do you know who have had the opportunity to drive and shoot a tank? You're about to be one of them!

You get the once-in-a-lifetime opportunity to drive a WWII Sherman Tank through a specially developed tank course that meanders its way around some of the most picturesque scenery that the Texas Hill Country has to offer. You will negotiate the challenging war zone course with anti-tank obstacles, drop offs, and a crystal-clear spring fed creek fording, in the middle of an amazing 18,000-acre exotic game ranch. It's not just driving, though, you will unleash the concussive power of the Sherman's 76mm main gun as it hurls its 14-pound projectile down range. If that's not enough, you can defend your position from the top of the Sherman and experience what the M2 .50 caliber machine gun felt like in the midst of war. This experience is a real-life history lesson and you're not going to want to miss it!
